

EduDay 2026

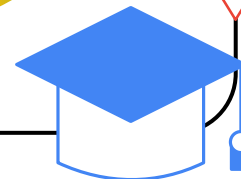

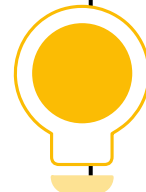

Lightning Talks from the Frontlines

AI Literacy in the Primary School

Mr. Steve Miller

Primary Digital Learning Lead
Garden International School

What is AI?

Big Ideas:

AI can help us do important things

How AI works in everyday life | Google AI

AI needs huge amounts of data to work well

Can a neural network learn to recognize doodling?

Help teach it by adding your drawings to the [public dataset](#), shared publicly to help with machine learning research.

AI learns by finding patterns and making predictions

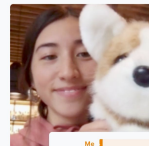

Teachable Machine

Train a computer to recognize your own images, sounds, & poses.

A fast, easy way to create machine learning models for your sites, apps, and more – no expertise or coding required.

Responsible Use of AI

Big Ideas:

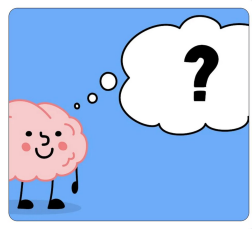

AI's outputs depend
on its inputs

Say What You See

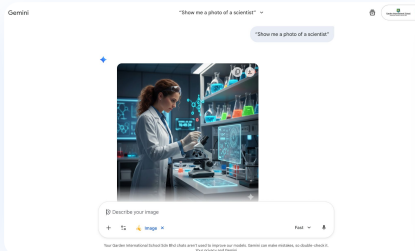

Learn the art of image prompting with the help of Google AI.

Nov 16, 2022 | With Google Arts & Culture Lab Artist in Residence Jack Wild

Arts

Bias and stereotypes in
data can lead to unfair
or misleading results

AI can make
mistakes

Google Search found content that's likely similar to the statement.

A link is provided, but it's not necessarily what was used to generate its response.

Google Search found content that's likely different from the statement, or it didn't find relevant content.

A link is provided, if available.
